March 6, 2014

Senator LeBeau, Representative Perone, Senator Frantz, Representative Lavielle, and distinguished members of the Commerce Committee,

I am respectfully asking your consideration of Senate Bill 77, an act concerning funding the Haddam Historical Society. Should this funding be realized, it would help this large, volunteer based enterprise to mitigate some substantial expenses necessary to run the yearly antique show.

This fundraiser helps with their mission of engaging with citizens in pursuing history and knowledge.

Thank you for your consideration.
